Troubleshoot with Harley Error Codes | Fix My Hog
Hello guys, I have a 05 sportster with just under 10,000 miles on it, carburated. I just got home from a 100 mile ride and during the ride my engine light kept coming on and then going off a few seconds later. i have vance and hines pipes (short shots), a heavy breather air cleaner with a rejet kit on it and i just switched from using premium fuel all the time to using 100 percent gasoline ...

intermittent engine light | Harley Davidson Forums
The engine may start when connecting a jumper wire to the data link connector. This is normal during the diagnostic testing phase. The "check engine light" will continue to flash any existing codes as long as the ignition switch is on and the jumper wire is in place of the data connector link.

How to Pull Engine Codes From a Harley Davidson | It Still ...
Harley Davidson how to check codes is the first step into what route to take during electrical diagnostics. After making sure your battery is fully charged, ...

Harley Davidson How to CHECK CODES - YouTube
The check engine and temp lights come on after a few miles. I checked the codes and got codes P1019 and U0184. I also checked the fans come one when I test them but when needed. I changed the temp sensors in the head and radiator in the left lower fairing.

Check Engine Light | Fix My Hog
On your bike just hold the trip button in while turning the ignition on at the same time . When the diagnostics come up toggle each mode to get codes . "set" will show a code number "Clr" is no codes .

Engine light 99 ultra | Harley Davidson Forums
Hi everyone.... I have a 2004 FB EFI. In the last 3 weeks I have noticed that the engine check light comes on every once in a while and then goes off. It initializes fine when I turn on the bike to start. It comes on at various times and I see no pattern to it. Then it will just go out again. I...

Check engine light on then off | V-Twin Forum
Would appreciate any help on this. My check engine light started coming on but i don't have the electrical manual. Current bikes in the stable: 2009 Street Glide - 107ci, stage III heads, D&D Fatcat exhaust, Andrews 54 cam, TTS, 108hp 122tq ... The steps you outlined previously show "no codes" even though the check engine light indicates that ...

check engine light codes for 2003 softail | V-Twin Forum
Sounds like a stored code. For what it's worth, I started my bike with the air-box lid off and IAT sensor unplugged. It set off the check engine light, set a code and the light would come back on after start up. I used the above method to check it and clear it and it hasn't come back on since. Dave
