Racing Weight: How to Get Lean for Peak Performance (The ...

Review: Racing Weight quick start guide. Matt Fitzgerald's first text on weight optimisation for endurance athletes is a first in it's field and understandably a best seller- it's a rather essential book to have if you are a runner, cyclist or triathlete. Because there is so little well written and scientifically based information on weight management in sport generally, it's also pretty essential reading for climbers too.

Dave MacLeod blog: Review: Racing Weight quick start guide

Racing Weight Quick Start Guide. A 4-Week Weight-Loss Plan for Endurance Athletes. 2011. You can't maximize fat loss and fitness gains at the same time. As an endurance athlete, the best time to maximize fat loss is before the start of serious training for a big race. This book will guide you step by step through this critical "quick start" phase of the overall training process.
